**Re: EMVCo Letter of Approval – Contactless Terminal Level 1 – Restricted Renewal**

**Approval Number:** 17373 0421 300 30a 30a FIME  
**PCD Identification:** SCR916 **Version:** 1.0  
**Hardware:** SCR916-rev00 **Version:** 02  
**Software:** SCR916-NFC **Version:** 2.7.6  
**As tested in:** SCR916 Version 00  
**PCD/Terminal Configuration:** Samples are Transparent Card Reader  
**Analogue Test Cases:** 3.1a **Digital Test Cases:** 3.1a **Interop Test Cases (Guideline):** 1.2.2  
**Expiry Date:** March 30, 2029

Dear Artur Costa,

EMVCo, LLC ("EMVCo"), a Delaware limited liability company, has received your request for a restricted Level 1 terminal type approval renewal for the proximity coupling device identified above. In connection with your request, we have reviewed your report, identified by file number IC.E.RE.2412.010 Version v1.0 which was generated by ICUBE.

After assessing such file, EMVCo has found reasonable evidence that the submitted samples of the above referenced proximity coupling device sufficiently conform to EMV® Level 1 Specifications for Payment Systems - EMV® Contactless Interface Specification, Version 3.1 of December 2020.

EMVCo hereby (a) grants your proximity coupling device EMVCo Type Approval for Terminal Level 1, based on the requirements stated in the EMV 3.1 Specifications, and (b) agrees to include your proximity coupling device in EMVCo's approved proximity coupling device list until the expiry date identified above or until such time a new Letter of Approval is granted.

EMVCo's grant of Approval status to your proximity coupling device is subject to and specifically incorporates (i) the terms and conditions of your type approval agreement with EMVCo, including any Exhibit A attached thereto, and (ii) the Specific Terms and Conditions to the Letter of Approval attached hereto as Attachment A. Because EMVCo's grant is subject to such limitations, including certain events of termination, you and any third parties should confirm that such approval is current and has not been terminated by referring to the list of approved proximity coupling devices published on the EMVCo website ([www.emvco.com](http://www.emvco.com)).

Analog performance being evaluated using Contactless Symbol as reference for the center of the operational volume this LoA is contingent on the EMVCo Contactless Symbol being present and in the "correct" location.

The "correct" location being the Center of the operating volume as identified by the vendor for EMVCo Type Approval unless especially agreed by EMVCo.

**This Letter of Approval is valid while the approval number is posted on the EMVCo website.**
